ELBA, ALA. MARCH 22, 1910.

ANNOUNCEMENTS. For Circuit Judge.

I am a candidate for reelection as
Judge of the Twelfth Judicial Circuit and
request an endorsement by the voters of
the circuit. I am grateful for the materi-
al aid, support and encouragement
given me during my term of office. My
judicial duties will not permit of my
making a personal canvass of the voters.
I solicit your support in the primary
May 2, 1910.

H. A. Pearce.

I hereby announce myself a candidate
for the office of judge of the 12th Judicial
Circuit of Alabama, subject to the
action of the Democratic Primary to be
held on the 22nd day of May, 1910.

R. R. Brannen.

Circuit Solicitor.

I am a candidate for reelection as
solicitor of this, the 12th circuit, subject
to democratic primary.

R. H. Parks.

For State Senator.

I hereby announce myself as a candi-
date for State Senator from the 25th
Senatorial District (composed of the
counties of Coffee, Crenshaw, and Pike),
subject to the rules and regulations of
the Democratic party as prescribed to
govern the primary election to be held
May 2, 1910. My platform follows:

Schools—I shall support all measures
enabling the children to secure the
highest practical education.

Confederate Veterans—I will be as
liberal with the veterans as the finances
of the State permits.

Good Roads—I will use my best efforts
to enact laws which will improve the
highways of the State without unduly in-
creasing the burden of taxation.

Liquor Traffic—After giving the
prohibition laws a fair and impartial trial
and they prove to be failures, I shall
favor local option (on a population basis
with the county as a unit where practi-
cable) surrounded with such safe guards
as will permit the return of the evils
that attended the old way of conducting
the liquor traffic.

Useless offices—I shall labor for the
repeal of all laws that provide for useless
offices.

Taxation—I shall labor for the adjust-
ment of taxation so that all shall bear
their just share of the burden of govern-
ment.

In all other matters I shall be govern-
ed by the will of the people whom I
represent.

H. V. Brooke.

For Representative.

I am a candidate for representative of
Coffee County subject to the action of
the democratic party.

Respect,
W. D. Dawkins.

I hereby announce myself a candidate
for representative of the Twelfth Judicial
District, subject to the action of the demo-
cratic primary.

John E. Pittman.

I am a candidate for representative of
Coffee County subject to the action of
the Democratic primary of May 2nd, 1910.

J. W. Kelson.

I am a candidate for representative
subject to the Democratic Primary on
May 2.

T. J. Carlisle.

For Railroad Commissioner.

S. P. Kennedy of Calhoun County,
hereby announces his candidacy for the
Commission to the office of Associate
Railroad Commissioner, subject to the
action of the Democratic Party in the
May Primary.

PURE FOOD CRUSADE.

Jury Finds Caffeine in Soft Drinks
Deleterious to Health.

Birmingham, Ala.—After being out
several hours, the jury in the govern-
ment's case against the Colery
Cola Company here brought in a ver-
dict of guilty.

This verdict means a more vig-
orous crusade than ever against vio-
lators of the pure food and drug act,
is generally conceded by those who
have been following the case.

For some time the experts from
Washington have been working hard
on this case and it is known that the
points involved have been considered
important because of future prosecu-
tions.

It was in this case that the ex-
perts showed for the first time that
caffeine in such drinks is deleterious
to health and the verdict of guilty
upholds the contention of the pure
food department officials.

CHARLOTTE MAN SUICIDES.

Drank Carbolic Acid and Died Shortly
in Great Agony.

Charlotte, N. C.—Hanging his wife
in his pocketbook and his ring with the
remark, "I have just drunk carbolic
acid and am going to die," Lewis C.
Baker, a trusted attaché of the Cen-
tral Insurance company, threw
himself across a bed at his home and
less than an hour later died in great
agony.

It is said Baker slipped out and
recovered the acid while waiting for
breakfast and drank it before enter-
ing his room.

Saved a Soldier's Life.

Facing death from shot and

OPPOSES R. R. BILL

Senator Cummins Attacks the
President's Measure.

WILL MAKE FIGHT ON THE BILL
Iowa Senator Says Taft and Railroads
Prepared Measure, and He Will Op-
pose It, Even if He is Read Out of
Party as Result.

Washington—That he would oppose
the administration railroad bill, even
though it might result in an effort to
read him out of the party, Senator
Cummins of Iowa, in effect, declared
in the senate.

He was making the initial speech
on the railroad bill, and commenting
especially upon the history of the
measure, which he said had originated
in the executive branch of the govern-
ment rather than in congress.

Criticized President Taft.
Mr. Cummins' speech was devoted
to a general review of the railroad
measure, but it was preceded by a
recital of the history of the proposed
legislation, in which he criticized the
course of the president, and declared
his intention of opposing the bill in
its present shape, even at the expense
of the severe displeasure of the chief
executive.

Declaring to be extraordinary the
circumstances connected with the
origin of the bill, the Iowa senator
detailed the meeting last August of
Attorney General Wickersham in New
York with others, who, he said, had
undertaken to put into shape for the
enactment the various recommendations
of the president bearing upon
railroad legislation. The report as
made to the chief executive was sup-
posedly confidential, he said, but as a
matter of fact long before it reached
the president it had fallen into the
hands of the railroad men.

Court of Commerce Attacked.
Mr. Cummins also inveighed against
the proposed court of commerce as
unnecessary and expensive. He as-
serted that not to exceed seven or
eight cases a year would come before
the court, and that the cost would not
be much short of \$105,000 per annum.
He also argued that any court created
for the trial of railroad cases alone
would be unwise, because of the in-
fluences that would surround the se-
lection of members of the court, and
because of the tremendous power of
the railroads.

Gautier's Borrowed \$400,000.
New Orleans—Gautier has finally
closed a deal for a \$400,000 loan,
according to G. Sanchez Latour, na-
tional treasurer of that country, who
has arrived in New Orleans. "The
money we have arranged for," said
Sanchez Latour, "will be forthcoming
in one and the whole construction
of our financial system will be
well under way before this year has
expired. I have received a summons
to return to Guatemala from Presi-
dent Cabrera. We will at once take
up the matter of paying our debts
which averages \$12 to each person."

Pays Off Last Depositors.
New York—The Knickerbocker
Trust company, which closed its doors
during the panic of 1907, has just
redeemed the last of its \$25,000,000
third certificates of deposits. The
capital now stands rehabilitated and
every depositor, with claims totaling
\$35,701,710 will be paid in full.

a high grade goods, is being put up by us
this year. We want you to try it; it has a
higher per cent of plant food than almost
anything commonly sold. It will make cot-
ton better than anything you can get.

What the Test Shows.

The state of Alabama furnishes the farmers a service
they do not use enough—bulletins of what has been
found out about fertilizers by the State Chemists and
special agents of the agricultural department.

The special agents go from place to place and open
sacks of guano and take therefrom samples—the makers
of the guano have nothing to do with it—they cannot say
which sacks are to be opened. These samples are exam-
ined and analyzed by the State Chemists. Last year the
samples taken from fertilizers made by us showed much
higher commercial values than we stated they had. On
one brand it went several dollars more per ton. The
farmers got the benefit of this. Our goods were better
than the guaranteed analysis said that they were. If you
want to read about this, write the Commissioner of Agri-
culture at Montgomery for a fertilizer bulletin.

We intend to keep making high grade goods. We
have no old name or old reputation to sell our goods. We
sell them on the merit of what they have in them. We
want you to buy them this year. YOU CANNOT DO
BETTER.

BLEED THROUGH

GIRL HACKED TO PIECES.

Youth Arrested in Florida Charged With a Terrible Crime.

DeLand, Fla.—Following the finding of the mutilated body of 14-year-old Mary Todd at the home of her father at Glenwood, Irvin Hanchett, a 16-year-old white boy, has been arrested. He was immediately confined away by the sheriff to escape the enraged posses of citizens.

Additional details received here following the arrest are horrible in detail. A bicycle, which the girl was riding, was found 100 yards from where her body was discovered, indicating that the assailant had struggled with her for this distance after knocking her from her wheel. In the body of the girl 35 knife wounds were counted. She was literally cut to pieces.

That the girl's assailant had other motives than murder is believed from the condition of her clothing. She had been beaten about the face before being stabbed, as bruises indicated.

Following the organization of posses of citizens in search of a negro supposed to have committed the crime, the sheriff secured bloodhounds and followed a trail to the orange grove of William Woolsey, where young Hanchett was employed.

After a careful investigation, the boy was placed under arrest. In his room was found bloody clothing and the knife with which it is believed

he committed the murder.

When he was arrested he seemed unconcerned, but strenuously denied that he had committed the crime.

Youth Was Model Inmate. Meriden, Conn.—Irvin Hanchett, the 16-year-old boy who was arrested for the alleged killing of Mary Todd at Glenwood, Fla., was an inmate of the Connecticut state school for boys here and his home was said to be in this city. While in the school the boy's behavior was of the best and his conduct earned him parole in the custody of William Woolsey, of DeLand, Fla., who has an orange grove in Florida.

TILLMAN ALMOST WELL.

It is Said Carolina Senator Has Recovered From Paralytic Stroke.

Washington—Senator B. R. Tillman has almost completely recovered from the stroke of paralysis he suffered several weeks ago. Accompanied by his wife, two daughters and his son, R. H. Tillman, Jr., he intends leaving for his home in Trenton, S. C. Dr. Pickford, his physician, said that the senator ought to recover his usual health within the next month, and it is probable he will suffer no further ill-effects from the paralytic stroke. For a week after Senator Tillman was stricken his life was despaired of.

Are You Honest?

With your land when for the sake of saving a few dollars you use a fertilizer whose only recommendation is its analysis. It requires no special knowledge to mix materials to analyses. The value of a fertilizer lies in the materials used, so as not to over feed the plant at one time and starve at another. This is why Royster brands are so popular. Every ingredient has its particular work to do. Twenty-five years experience in making goods for Southern crops has enabled us to know what is required.

THE ELBA CLIPPER.

TWICE-A-WEEK.

ONE DOLLAR A YEAR.

VOL. XIII.

ELBA, ALABAMA, FRIDAY, MARCH 25, 1910.

582

Brooklyn, Route 2.

(BY HUSTLER.)
It rained and hailed here Monday about noon.

Farmers hereabout are planting corn this week.

The beautiful spring days are here again and mother nature once more adorns our paths with many beauties.

Some farmers say they will plant more of their cotton in March this year than has heretofore been their custom. They have discovered that the best yields are always from the earliest plantings.

The primary passed off very quietly Saturday in this town, and the candidates and their workers taking a short rest.

Labor for farm purposes has been rather scarce in this community the present year. Who knows but what we might get up a trade with some of the ex-candidates. What about it boys?

Collier and a number of his deputies, from Troy, were in our midst one day last week searching for illicit distilleries. Come again Brother Collier we are always glad to have you with us, but remember these smoky days we have been having of late are not brought on by stills but by the burning of our many big new ground log heaps, trash piles, etc. In fact the most of the stills are in Jacksonville any way.

There is a lot of minor illness about in our community at present. Nearly everybody is complaining of being more or less sick. Among those who have been sick recently are Mrs. Arthur Brunson, Mrs. A. A. Allen, Mr. Dave Nolin.

Mrs. O. R. Talbot, who has been in poor health for some time, died at the home of Mr. Chas. Braswell last Friday. The remains were interred at Woodland Grove cemetery Saturday morning. Rev. D. P. Lee, of Elba, conducted the funeral services. Mrs. Talbot leaves a husband and several children to mourn her death. To these we extend our sympathy.

The fruit crop was injured by the frosty mornings of last week. Halley's comet will soon be visible in the early eastern sky; who is so wise as to know that we will not be made to feel sad with its coming? Lord save us and the melon patch.

Messrs. A. C. Brunson, J. H. and S. H. Nolin attended court at Elba Tuesday.

Mr. and Mrs. Henry Bell of Eu-faula, are visiting the home of J. H. Nolin.

Mother says my chicken is done. Will write more later.

MURDER CASES FOR NEXT WEEK.

Mrs. Ida Clark's Trial Set For Monday; Will Wilk's Trial Set For Tuesday.

Wednesday Judge Pearce set the trial of Mrs. Ida Clark for Monday, March 25th, and drew a special venire of thirty names, and from these and the regular jurors for the term a jury will be elected for the trial.

The Clark case has first and last attracted much attention. Mrs. Clark is charged with the murder of her husband, Mr. Charles Clark, a popular young member of a well-known family. The defendant has friends and relatives and the case promises to be hard fought.

Judge Pearce has drawn a special venire of fifty jurors to try Will Wilks on the charge of murdering General Bowden. This trial is set for Tuesday, March 29th and it will attract much attention. The killing took place at the home of deceased Bowden.

The State will attempt to show that there was no excuse for it, while the plea of the defendant will be self-defense.

In both these cases eminent counsel has been employed and the cases will be hotly contested.

From Hon. E. R. Brock.

Brooklyn March 21, 1910

Editor Clipper,—

I wish to thank the good people through your paper for their support of my son, Horace Brock, in Saturday's primary, and solicit a repetition of the same in the April primary. To those who voted for other friends I respectfully ask their aid in giving my boy their vote and influence. He is competent, sober and clean.

Thanking all in advance, I am truly Yours,

H. E. Brock.

Road Case Tried.

Tuesday the famous road case of Lehman Cook against Dr. B. R. Ballard was tried. This involves a right for Cook to cross a piece of Ballard's land with a private road. It was tried in Commissioners' Court, appealed to circuit court, then to Supreme Court, and was then sent back to circuit court.

The first two awards of damages were each fifty dollars to be paid by Cook to Ballard. This time the damages awarded were in the sum of one hundred dollars. The cost amount to nearly two hundred dollars, to say nothing of attorney's fees. Road cases are expensive.

25,000 FIREMEN STRIKE

Forty-seven Railroads of Western States Are Involved.

Chicago—W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, has announced that a strike of 25,000 firemen on practically all the western railroads has been called.

Mr. Carter said the decision to strike had been reached at a meeting of forty-three members of the western federated board of the brotherhood, each member representing a western road.

The railroads issued a statement declaring that to prevent a strike, they would, if necessary, appeal to the authorities at Washington.

The controversy, which has been under discussion for more than six weeks, involves 47 railroads operating west, and embraces about 150,000 miles of railroads.

It has previously been stated by both sides that if a strike were called it would tie up practically every freight and passenger train between Chicago and the Pacific coast.

Points in dispute are:

Increase in wages demanded, which the union officials say would amount to about 12 1/2 per cent, but which the railroads assert would amount to 22 1/2 per cent.

The right of the union in questions of representation when a fireman has been promoted to an engineer or to another capacity over which another union claims jurisdiction.

Question of seniority of the promotion of new men over on-time employees.

DIVORCES IN AMERICA.

Catholic Priest Says There Have Been Million in 23 Years.

Washington—The Rev. A. P. Doyle, preaching in St. Paul's Catholic church on "The Family and Its Preservation," declared divorce to be "America's national nightmare," and furnished official statistics showing that divorces in this country are increasing three times as fast as the population.

There were nearly 1,000,000 divorces in the last twenty years," said Father Doyle. "There are about 3,000 courts whose time is practically occupied in dispensing the facility for divorce."

REVENUES ARE WASTED.

Rowe Na Stewart & Ham, Brock & McGilvray in 2nd Race.

Just as the forms of the Clipper are closed the county democratic committee ends work of canvassing March 19th primary returns. Judge Rowe is nominated probate judge by immense majority.

Clerk's and Sheriff's votes were very close, and the official count was required to tell who were entitled to enter second primary, no one for those places having had a majority of all votes cast.

For Sheriff, John D. Stewart led, with 733 votes, and with him in second primary is W. J. Ham, Jr., who had 656, and only led Lightner by three votes.

For Clerk W. A. McGilvray led with 507 votes, with S. Horace Brock going in second primary with 577 votes, and John W. Carroll only ten votes behind.

The declared qualified candidates for May 2 primary to-wit: J. W. Kelson and J. E. Pisman for representative and J. A. Caruley for county solicitor.

The Committee adopted resolutions strongly indorsing Hon. E. R. Brannen for circuit judge. The resolutions will appear next issue.

Arraignment this Morning.

For Murder Trials For Next Week.

This morning Judge Pearce and Solicitor Parks arraigned Mrs. Ida Clark, whose case was set for Monday, and Will Wilks, whose case was set for Tuesday. An account of this will be found elsewhere in this issue.

There were also two negroes who are charged with capital cases arraigned. Henry McSwain, charged with carnal knowledge, was arraigned, and plead not guilty. He waived a special venire, and having no attorney appointed Hon. J. A. Caruley to defend him. His case is set for Wednesday, March 30.

Tom Sutton, an old negro man, was arraigned on a charge of murdering Charley Posey, waived special venire, plead not guilty, and his case was set for Thursday March 31. He had no lawyer, and Judge Pearce appointed Hon. Chas. C. Brannen to defend him.

New York—A fall of eight inches killed John Spiller, night watchman at a building in course of construction here. While standing on a beam in front of the building Spiller slipped and toppled over backward, striking the back of his head on a plank. His skull was fractured and he died soon afterward in a hospital.

Shot Wife, Son and Self.

Gainesville, Fla.—J. J. Phillips shot and killed his wife, wounded his son and fatally wounded himself while in a fit of despondency. He has been paralyzed for some years and was unusually devoted to his family. He had often expressed the fear that he would die and leave his family to the care of others.

Five Buried in One Grave.

Livermore, Cal.—An entire family, George L. Beck, his wife and three small children, victims of the avalanche at Wellington, Wash., were buried here in one large grave. At the time of the accident, the family, who lived at Marcus, Wash., were on their way to visit relatives residing here.
